Functional Description:

In addition to air-to-surface fire control radar simulation will have a digital data base transformation program, digital data base update capability, as well as jammer, artillery, radar, or missile, occulation, weapon impact location, and thunderstorm simulation capabilities

capability, as well as jammer, artillery, radar, or missile, occulation, weapon impact location, and thunderstorm sin	nulation cap
Type/model Designation:	
A/f36u-t4	
Shelf Life:	

Demilitarization:

Unit Of Measure:

Yes - demil/mli

Fiig:

N/a

A23800
