Special Features:

Xsyytem c/o a cpu w/3 memory units mj11-ae, mj11-aa, mj11-ag; floating point processor p/n fp11-b; extention mtg box p/n h960-dh; programmable; effective memory speed 400 nsec; has memory management; 16 general registers; 3 processing modes

Reference Number Differentiating Characteristics:

As differentiated by accessories

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A519p0
