End Application:

Sbct-4

Component Document Origin:

Industrial

Document Source:

1vn18

Document Type:

Mfr drawing

Product Name:

Rws (v5) vehicle - standard modifications

Special Features:

Operating power requirements: 120/240 vac, 60hz and 28vdc; installation kit is applied to an s-842/g rws; gov't specification no mis-prf-55154;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
