Processor Clock Speed:

1.66 gigahertz

Unit Design:

Portable

Data Storage Capacity:

80.00 gigabytes

Special Features:

Full magnesium alloy case with handle; moisture and dust resistant design; shock-mounted removalble hdd; wide area wireless and gps capable; intel centrino duo mobile technology

Specification Data:

Mil-std-810f test procedures government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A519p0

Mil-std (military Standard):

Mil-std-810 spec.
