End Application:

Computer equpiment

Features Provided:

Software

Unit Design:

Free standing

Product Name:

Microtower hp intel core 2 duo computer

Component Type And Quantity Accommodated:

1 central processing unit and 2 internal hard drive and 1 3.5 floppy drive and 2 5.25 floppy drive and 1 fast ethernet

Special Features:

Case style-micro tower; chipset-intell q33 express; controller-serial ata/300; eigabit ethernet; expansion bays 5; expansion slots 4; graphics

controller; 64-bit processing; 300w power supply - passive pfc

Random Access Memory Size:

160.0 gigabytes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519p0
