Processor Clock Speed:

2.53 gigahertz

Features Provided:

Software

Unit Design:

Portable

Product Name:

Notebook 8740w

Data Storage Capacity:

540.0 megabytes

Component Type And Quantity Accommodated:

I5 central processing unit

Special Features:

Binding: electronica; operating system: windows 7 professional

Random Access Memory Size:

4.0 gigabytes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519p0
