**Special Features:**

Combined arms collective training facility (cavtf) - the facility is a complex of 20-26 buildings covering an urbanized area of 2.25 square kilometers. The cactf supports the training strategy as outlined in training circular (tc) 90-1. The facility provides combined arms collective training for platoon and company situational exercises (stx) and battalion/brigade task force (tf) field training exercises (ftx).
