Overall Length:

13.4 inches

Overall Height:

2.2 inches

Overall Width:

11.1 inches

Processor Chip Type:

Intel core i5/i7

End Application:

An/usq-148

Processor Core Quantity:

2

Unit Design:

Laptop

Voltage In Volts And Current Type:

230.0 ac

Component Type And Quantity Accommodated:

1 touchpad

Environmental Attribute Code:

Computers-desktops, workstations, and thin clients - energy star-information technology - energy efficient products

Special Features:

Intel hd graphic 4000, lithium ion battery

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A519p0
