Overall Length:

15.000 inches

Overall Height:

2.250 inches

Overall Width:

11.500 inches

End Application:

Communication system an/tsc-122

Special Features:

10 and 18 vdc; wt 15 lb; external power source; intelligence input method-mechanical; spec./std data n95105-218-0252; indicator-electroluminescent display; ac power pack 1, carrying case 1, adapter board 1, ms-dos installed on 3.5 in. Floppy 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A519j0
