Overall Length:

19.000 inches

Overall Height:

3.468 inches

Overall Width:

19.000 inches

End Application:

Af satellite control network/common user element (afscn/cue), an/fsq-15 (v)

Unit Design:

Desk top

Criticality Code Justification:

Feat

Product Name:

Microprocessor assembly

Special Features:

Electrostatic discharge sensitive; used on command and monitor equipment, cagec 11530, p/n 529266-02

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A519j0
