End Application:

Control panel assembly; p/n 15653010 onboard wagb 420 ft u.S. Coast guard vessels

Unit Design:

Panel mounted

Product Name:

Programable logic controller

Memory Size:

1.0 kilobytes

Memory Expansion:

1.0 kilobytes

Special Features:

Input 120vac; output relay; power supply 120/240vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519j0
