Product Name:

Ip-optoad 12

Special Features:

Environmental operating temp m40 to p85 degrees c; storage m45 to p125 degrees c; humidity type 5 to 95 pct non-condensing; power requirements typ 310 ma at 5v; input over voltage protection up to 70v p-p; all channels galvanically isolated from ip interface dc/dc/converter on-board; 16 single-ended channels or 8 differential channels; 50-conductor flat cable; single wide ip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
