Overall Length:

13.380 inches

Overall Height:

1.470 inches

Overall Width:

4.800 inches

End Application:

Control; top assembly-workstation, icas

Component Type And Quantity:

1 board

Product Name:

Cpu

Special Features:

Pci/isa single board computer with intel celeron or pentium iii processor to 850mhz; intel 82440bx agpset; up to 768mb ecc (r)s dram; usb, serial and parallel ports; ultra dma/33 ide, compactflash, cf+, microdrive and ultra2 scsi; pci 10base-tx ethernet; 64-bit agp video with 4mb sdram memory

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
