**Overall Length:**

13.380 inches

**Overall Height:**

1.470 inches

**Overall Width:**

4.800 inches

**End Application:**

Control; top assembly-workstation, icas

**Component Type And Quantity:**

1 board

**Product Name:**

Cpu

**Special Features:**

Pci/isa single board computer with intel celeron or pentium iii processor to 850mhz; intel 82440bx agpset; up to 768mb ecc (r)sdr memory; usb, serial and parallel ports; ultra dma/33 ide, compactflash, cf+, microdrive and ultra2 scsi; pci 10base-tx ethernet; 64-bit agp video with 4mb sdr memory

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A5110
