Fragility Factor:

Moderately delicate

Unpackaged Unit Length:

25.4 centimeters

Unpackaged Unit Width:

22.8 centimeters

Unpackaged Unit Height:

15.2 centimeters

Power Source:

Self-contained

Intelligence Input Method:

Electrical

Product Name:

Internal control computer ark-1122

Functional Description:

Internal control compute (icc) . Replaced externa laptop control computer. Radiometer operating code, vizmet-b server software, all procedure files, configuration files and neural net files are stored on the control computer.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A549n0
