Voltage In Volts And Current Type:

120.0 ac

Special Features:

Uses a rs-232-c interface; current rating in amps: 1.8; operating range: operates at 300 baud; thermal printer prints 45 characters per second on 80 or 132 chracter line; power source: external; o/a width: 11.700 in.; o/a height: 2.7000 in.; freq in hertz: 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A507b0
