Design Type:

Flexible disk

Access Time In Milliseconds:

267.0

Special Features:

Hdrive slave for flex disc; transfer rate between computer and disc drive is 23k bytes; double density read/write; 500, 000 bytes of total user available space per disc; incorporates a self-test feature

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505e0
