End Application:
rainer, flight simulator
Jsage Design:
Peripheral entry panel
Special Features:
tem is an interactive terminal assembly integrating the technologies of an argus alphanumeric gas discharge dot matrix display with
ouch-input infrared switches; neon-orange brightness viewing; viewing area, 7.520 in.Lg; 4.430 in wide; 5 vdc and 125/135vdc operating
rolts; o/a lg.10.200 in; o/a width, 7.000 in
Shelf Life:
N/a
Jnit Of Measure:
-
Demilitarization:
es - demil/mli
