Voltage In Volts And Current Type:

115.0 ac

Special Features:

47 to 440 hz; single phase; mfm encode/decode format; automatic seek and verify; full sector buffer; uses 2 cartridges for drive selection; half sine wave; 18.5 mbytes formatted; 669 cylinders per cartridge; 10000 hours reliability-mtbf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505e0
