Overall Length:

7.000 inches

Overall Height:

3.000 inches

Overall Width:

5.750 inches

End Application:

Aircraft, ef111a, f111e & f

Power Source:

Self-contained

Unit Design:

Panel mounted

Voltage In Volts And Current Type:

115.0 ac

Interface Type:

1553

Memory Size:

32.0 kilobytes

Special Features:

Data transfer unit; used to downlthe flight plan to the aircraft's computer and then upload the flight plan after the flight to ground support equipment; 400hz

Unpackaged Unit Weight:

4.250 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506x0
