**Overall Length:**

3.500 inches

**Overall Height:**

2.620 inches

**Overall Width:**

3.500 inches

**Operating Temperature Range:**

+0.0/+50.0 degrees celsius

**End Application:**

Aircraft model ep-3e

**Voltage In Volts And Current Type:**

5.0 dc

**Special Features:**

Rconnector manufacturer code: 00779; connector manufacturer p/n 205730-1; inclosure type: encased; terminal location: one side; power source: external; terminal type and location: receptacle connector, 1; input current 150 ma max

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A514a0
