End Application:

Control communications systems, an/fyq-12 (v) mps, martin marietta co

Component Type And Quantity:

1 harness and 1 sensor

Special Features:

Hnha printer is dec p/n ln08r-ca; consists of a harness 1, upper turn roller assembly 1, registration transport roller 1, preregistration sensor 1, registration transport clutch 1, upper turn clutch assembly 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
