Overall Length:

11.000 inches

Overall Height:

5.000 inches

Overall Width:

12.800 inches

End Application:

Hewpackard hp1000a

Design Type:

Hard disk and optical

Unit Design:

Rack mounted

Drive Quantity:

2

Data Storage Capacity:

1.30 gigabytes

Drive Size:

5.25

Special Features:

Magneto-optical drive subsystem for hp computer w/hp-1b interface. 2-6gb magneto-optical disk cartridge drive: 2600gb (1300gb/side) formating capacity; 25ms average seek time; 3600rpm rotational speed; 1.0mb/sec hp-1b speed; 100000poh drive mtbf. 1.0 gb d drive: 1000gb formating capacity; 10ms average seek time; 4500rpm rotational speed; 1.0mb/sec hp-1b speed; 250000poh drive mtbf. Subsystem is rackmounted using hp standard rack or eia/retma 19 inch standard

Unpackaged Unit Weight:

23.000 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505e0
