**Overall Length:**

9.500 inches

**Overall Height:**

4.500 inches

**Overall Width:**

14.000 inches

**Operating Temperature Range:**

-15.0/+130.0 degrees celsius

**Printer Type:**

Dot matrix

**Unit Design:**

Portable

**Voltage In Volts And Current Type:**

240.0 ac

**Interface Type:**

Scsi

**Buffer Size:**

32.0 kilobytes

**Printing Type:**

Near letter quality

**Special Features:**

300 cps super speed; baud rate 1200; feed speed 8.3 lines per sec; takes 2 aa nicad or alkaline batteries; asc ii self test; 8 lb lightweight military version

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A506k0
