Overall Length:

8.880 inches

Overall Height:

6.380 inches

Operating Temperature Range:

+0.0/+55.0 degrees celsius

End Application:

Navigation set satellite signals eac: 57735

Unit Design:

Panel mounted and tilt/swivel base

Special Features:

Splash-proof; visible in all light conditions (darkness to direct sun); inc. Gimbal for mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506z0
