Overall Length:

0.750 inches

Overall Width:

2.760 inches

Operating Temperature Range:

+0.0/+55.0 degrees celsius

End Application:

Used on satcom ph iii

Design Type:

Disk cartridge

Head Type And Quantity:

10 read

Unit Design:

Internal

Voltage In Volts And Current Type:

5.0 dc

Interface Type:

Ide

Drive Quantity:

1

Data Storage Capacity:

1.35 gigabytes

Drive Size:

2.50

Transfer Rate In Megabytes Per Second:

44.9

Special Features:

Low power consumption

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505e0
