Overall Length:

1.800 inches

Overall Height:

3.900 inches

Overall Width:

5.400 inches

Operating Voltage In Volts:

Between 18.0 and 30.0

Unit Design:

Rack mounted

Special Features:

Dtam micro operator interface module interfaces with plc-5 and slc 500 processors; lcd display; display viewing area 1.0 in by 3.0 in.; yellow-green led; tactile embossed domed keypad; operating temperature 0 to 55 deg. C.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A502f0
