AeroBase Group

Overall Height:

26.9 millimeters

Overall Width:

101.6 millimeters

Operating Tempurature Range:

+0.0/+55.0 degrees celsius

End Application:

Used for desktop pcs, entry-levelworkstations and servers

Design Type:

Hard disk

Unit Design:

Internal

Data Storage Capacity:

9.10 gigabytes

Tracks Per Inch:

9570.0

Transfer Rate In Megabytes Per Second:

40.0

Special Features:

Embeded servo, lw and lc drives do not have internal terminators or anyother way of adding internal terminators to the drive

Unpackaged Unit Weight:

0.68 kilograms

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505e0
