Overall Height:

14.700 inches

Overall Width:

14.900 inches

Operating Temperature Range:

+32.0/+104.0 degrees fahrenheit

Image Refresh Rate In Hertz:

66.0

Display Type:

Cathode ray tube

Unit Design:

Desk top

Product Name:

Optiquet q53 monitor

Highest Display Capability:

Vga

Diagonal Display Size In Inches:

13.8

Display Resolution:

1280 horizontal and 1024 vertical

Special Features:

Requested name - monitor, video; 0.28 dot pitch; 66hz flicker-free refresh rate; 15" (13.8" diagonal viewable area); anti-static, anti-glare screen; input signal - video rgb analog; 3-pin plug (iec320); ac 90-264v voltage; dimensions - 14.9"w x 14.7"h x 15.4d; mpr-ii and epa energy star compliant; rgb medium persistence phosphor

Unpackaged Unit Weight:

27.500 pounds

Type/model Designation:

Optiquet q53

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506z0
