Illuminated Location:

Front

Special Features:

32 base ports (10base t), cam size 2k, 4mb flash memory, 32 mb dynamic memory, layer 3 support- ip/ipx, hre plus advanced routing software

Functional Description:

Workgroup applications with ethernet workstations and atm or gigabit ethernet servers

Relationship To Similar Equipment:

Similar to allied telesyn switch module number at-fh712sw and alcatel model os-5024

Type/model Designation:

Os-2032

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T122-c
