End Application:

Oj-72 (v) /sps

Power Source:

External

Special Features:

The compactflash card adapter enables users to read and write to a compactflash card memory card via any pc card slot. Pc card slots use the industry-standard 68-pin interface; whereas, compactflash card uses the 50-pin interface. By inserting the compactflash card memory card into the adapter, the compactflash card becomes a pc card accessible plug and play memory card
