Direct Current Voltage Rating In Volts:

12.0 and 18.0

End Application:

Electric power generation system

Power Source:

External

Special Features:

Supports signals: td, rd, rts & cts; data rate is up to 19.2k baud; isolation is 2500 vac optical isolation of data signals and ground; dimensions approximately 2.75inw x 4.60inl x 0.68ind

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
