Special Features:

11 mbps direct sequence, ds, high data rate transmission; ieee 802.11b compliant; mobile ip function; output up to 100mw worldwide; dynamic rate scaling at 11, 5.5, 2 and 1 mbps; systemwide upgrades from a single access point, via flash memory accessible by http, serial, telnet; network management, configuration, and diagnostic tools; wired equivalent privacy, wep, encryption and decryption; event logging, data packet tracing, snmp alarm generation, operating statistics, protocol and bandwidth filters for optimum network management; supports up to 256 clients

Functional Description:

Provides high speed wireless network connectivity

Supplementary Features:

Frequency range worldwide product covering 2.4 to 2.5 ghz, programmable for different country regulations; data rate 11 mbps per channel ; output power 100 mw worldwide; range data throughout scaled to support up to 1500 feet/450 m outdoors and up to 295/90 m indoors; operating temp m20.0 to 70.0 degrees c; storage temp m30.0 to 80.0 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A30800
