End Application:

Test set, electronic; electric test set (p/n 37534-40001-20, pcc: jnd); (gse) jsecst

Design Type:

Hard disk

Criticality Code Justification:

Agav

Product Name:

(inavy): calibration mainten

Special Features:

Calibration/maintenance drive containing only maintenance test programs required for intermediate level maintenance, not classified

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505e0
