Overall Height:

18.300 inches

Overall Width:

21.500 inches

Operating Temperature Range:

+0.0/+50.0 degrees celsius

End Application:

Misc inding-o seawolf class ssn

Display Type:

Liquid crystal

Unit Design:

Panel mounted and desk top

Voltage In Volts And Current Type:

120.0 ac

Interface Type:

Bnc and din

Diagonal Display Size In Inches:

21.3

Display Resolution:

1600 horizontal and 1200 vertical

Special Features:

Nema 4 rated for harsh industrial environments

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506z0
