Overall Length:

16.830 inches

Overall Height:

1.640 inches

Overall Width:

17.260 inches

Wattage Rating:

110.000 watts

Voltage In Volts And Current Type:

264.0 ac

Special Features:

2 port fiber channel by quad low voltage differential scsi module data router; led; vhdci connections; op temp 5 to 40 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
