Operating Temperature Range:

-50.0/+122.0 degrees fahrenheit

Unit Design:

Rack mounted

Input Device Type:

Keyboard

Output Device Type:

Liquid crystal

Special Features:

Provides 15 inches digital display and hot keys keyboard in only 1u, allows enough room to mount an hp switchbox behind it

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A507b0
