End Application:

0205896-5610 (55910), network assembly

Wattage Rating In Watts:

7.5

Unit Design:

Rack mounted

Interface Type:

Rj45

Special Features:

Isdn interface, ansi t1.601-1992 2b1q u-interface; physical interface, 8 pin modular rj45; bri line rate, 2b+d, 160kbps full duplex; u-interface distance, 18,000 ft with 1,300 ohm resistance; switch compatibility, lucent 5ess, nortel dms-100, national isdn; operating temp, 32 degrees to 113 degrees fahrenheit; storage temp, minus 4 degrees to 158 degrees fahrenheit; relative humidity up to 95 percent, non condensing; bri ports can be independently configured to emulate or terminate isdn circuits from an isdn switch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A502f0
