Overall Length:

13.500 inches

Overall Height:

9.000 inches

Overall Width:

21.500 inches

End Application:

Usm-636 electrical equipment test stand

Paper Feed Mechanism:

Friction feed

Printer Type:

Dot matrix

Unit Design:

Free standing

Criticality Code Justification:

Agav

Product Name:

Inavy) printer, dot matrix

Interface Type:

Rs 232c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506k0
