End Application:

Space lift range systems

Unit Design:

Rack mounted

Product Name:

Display, lcd, rack

Highest Display Capability:

Vga

Diagonal Display Size In Inches:

10.4

Special Features:

Bright active matrix tft display; vga 640x480 resolution; anti-reflective protective faceplate; 60/60 degrees left/right viewing angle; black powder coat aluminum bezel; hd1 (f) ; stainless steel chassis

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506z0
