Case Material:

Plastic

Maximum Voltage Rating In Volts:

13.5 dc

Inclosure Type:

Encased

Current Rating In Amps:

1.3

Terminal Location:

Back

Power Source:

Self-contained or external

Terminal Type And Quantity:

1 connector plug

Maximumlength:

5.990 inches

Maximumwidth:

4.450 inches

Maximumheight:

2.000 inches

Special Features:

6 in. Color passive-matrix lcd; high impact molded plastic enclosure with black matte finish

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31700
