Operating Temperature Range:

-20.0/+60.0 degrees celsius

End Application:

Bowman fast track

Unit Design:

Portable

Voltage In Volts And Current Type:

28.0 dc

Product Name:

Vudt rugged computer

Input Device Type:

Touch screen

Output Device Type:

Electroluminescent display

Special Features:

Not supplied with keyboard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A507b0
