Mounting Type:

Rack

Unpackaged Unit Width:

0.80 inches

Furnished Items And Quantity:

Software included, drivers and utilities

Power Source:

External

Input Intelligence Type:

Analog

Output Intelligence Type:

Analog

Product Name:

Network adapter

Special Features:

Data transfer rate 16 mbps. 1x network token ring, rj-45 1x network, token ring 9 pin d sub 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A30800
