Operating Temperature Range:

+32.0 to 122.0 degrees fahrenheit

Storage Temperature Range:

-10.0 to 158.0 degrees fahrenheit

Maximum Voltage Rating In Volts:

14.0 dc

Operating Range:

Up to 50.8 cm

Power Source:

External

Maximumwidth:

2.800 inches

Maximumheight:

6.500 inches

Intelligence Data Handling Capability:

Digitizer receiving automatic

Sensing Element Type And Location:

Infrared light internal

Product Name:

Quick scan hand held scanner

Special Features:

Light weight and ergonomic for maxium scanning comfort

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31700
