Overall Length:

16.500 inches

Overall Height:

9.000 inches

Overall Width:

15.900 inches

Operating Temperature Range:

+59.0/+89.0 degrees fahrenheit

End Application:

Hx unique

Print Speed And Color:

10.00 black and white pages per minute

Printer Type:

Laser

Unit Design:

Desk top

Voltage In Volts And Current Type:

120.0 ac

Interface Type:

ieee 1284

Special Features:

600x600 dpi resolution, 128 gray levels, two paper sources hold a total of 350 pages, handles wide variety of paper types and sizes from postcard to legal without changing trays, 2mb standard memory, hp pcl 6 emulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506k0
