Overall Length:

8.000 inches

Overall Width:

4.000 inches

Operating Temperature Range:

+0.0/+50.0 degrees celsius

End Application:

Integrated terminal weather system (itws)

Unit Design:

Desk top

Special Features:

Usb type a connector, 66" double shielded cable, body material grey abs plastic, ball material cast phenolic resin, hand pad injection molded vinyl

Unpackaged Unit Weight:

1.300 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514a0
