**End Application:**

A/e24u-2u

**Features Provided:**

Electrostatic sensitive

**Criticality Code Justification:**

Feat

**Product Name:**

Card, ethernet, 615n

**Special Features:**

Dimensions: 3.5in.Wide, 5.4in. Long, 1.2in. High; operating temp 32 to 131 degrees fahrenheit; has size/fit/tolerance restrictions for the af satellite control network orbital analysis system

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A30800
