Overall Length:

6.700 inches

Overall Height:

1.600 inches

Overall Width:

5.900 inches

Operating Temperature Range:

+41.0/+104.0 degrees fahrenheit

Unit Design:

Internal

Product Name:

Ait 50gb internal tape drive

Buffer Size:

8.0 megabytes

Transfer Rate In Megabytes Per Second:

6.0

Special Features:

Color carbon; compatibility unix; capaci type 50 gb native, 100 gb compressed; interface type scsi lvd; form factor 5.25 inc x 1/2 h internal; data transfer rate 6 mbps native, 12 mbps compressed; average seek/access time 16 sec; recording standard ait-1; media type ait; mtbf 300, 000 hrs; humidity operating range 20-80 pct

Unpackaged Unit Weight:

2.200 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A508g0
