Overall Length:

3.450 inches

Overall Height:

3.300 inches

Overall Width:

2.380 inches

End Application:

Vme chassis

Features Provided:

Ruggedized

Unit Design:

Hand held

Interface Type:

Rs 232c

Special Features:

Zstainless steel nema 4 enclosure; port compatible with all computers, needing no additional software or cables to operate with any system; point and click operation; drift free and repeatable operation; solid stainless steel joystick

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A514a0
