Operating Temperature Range:

-10.0/+60.0 degrees celsius

Storage Temperature Range:

-20.0/+70.0 degrees celsius

Maximum Voltage Rating In Volts:

26.0 dc

Power Source:

Self-contained

Mounting Method:

Wall

Maximumlength:

215.0 millimeters

Maximumwidth:

50.0 millimeters

Maximumheight:

161.0 millimeters

Product Name:

Ethernet enabled graphic terminal with object based programming

Special Features:

Pixels is 320 by 240; dot pitch is 0.36 mm.; interface is eia-232; memory is 4 megabytes flash and 16 megabytes ram

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31700
